

## 2024 Page Annual Conference

**Brenda Harvey**  
**IBM, Managing Director**  
**Independent Director, Nissan**  
**Motor Corp**

Brenda Harvey is an IBM senior executive who has worked with thousands of global enterprises and government agencies to strategically increase their corporate value, to identify and manage risks, and to communicate effectively with internal and external stakeholders on topics of digital technology and cross functional business transformation. She has led \$4B-\$9B P&Ls, solutions, services, industries, and IBM Asia

Pacific geo having lived in Shanghai and Singapore. She currently lives in New York City.

Brenda is an Independent Non-Executive Outside Director of Nissan Motor Corporation and a member of the Nissan Audit Committee. She is a board member of the Singapore International Chamber of Commerce, on the Advisory Board of the Computer and Electrical Engineering College of Lehigh University, and was a Corporate Advisor on early stage investments at Plum Alley. As a recognized leader, she is actively engaged as member of Singapore Women in Tech, the National Association of Corporate Directors (NACD) and Extraordinary Women on Boards (EWOB). She is a strong communicator and frequent speaker/panelist on current business and strategic topics. Her personal purpose is to create a more equitable and sustainable future through charitable activities and investments bettering lives through education and energy transition.

As a Nissan Board and Audit committee director, she brings business strategy, risk management, compliance, oversight, and cross-functional diversity of experience

and catalyst thought. Brenda has had significant global experiences leading multiple IBM services and technology businesses. She is current the Managing Director, IBM Industrial. She has been the General Manager for IBM Public Sector, Federal, and Financial Services Markets. As Chairman and CEO of IBM Asia Pacific, living in Singapore, she led the IBM business to growth and profitability through the pandemic. As General Manager, Integrated Technology Services, Growth Markets, living in Shanghai, China, Brenda was responsible for the sales and delivery of infrastructure services to over 120 countries across Asia, Americas, Europe, Middle East, and Africa.

Brenda builds high performance teams to serve clients, increase productivity, supply chain efficiencies, compliance, cyber security resilience and governance through the adoption and scaling of AI powered automation, hybrid cloud, and new business models and processes. She leads with authenticity, collaboration, energy, and integrity and seeks to team, learn and develop relationships in her network.
