

2024 Page Annual Conference

Marie Oh Huber
Public company non-executive director; CLO (former) of eBay and Agilent Technologies

Marie Oh Huber is a public company independent board member, Fortune 500 C-suite business and legal/public policy leader with more than 25 years of experience partnering with boards and leadership teams of three F500 global public companies. She has served on public, private and non-profit boards and currently sits on the board of Portland General Electric (NYSE: POR) where she chairs the Nominating, Governance and

Sustainability Committee and is a member of the Compensation, Culture and Talent Committee. Previously, she served on the boards of Adevinta ASA, a Norwegian public company that was recently acquired in a take-private transaction, the James Campbell Company LLC, a privately-held nationally diversified real estate company, and the Silicon Valley Community Foundation, where she chaired the CEO search committee for the current CEO and the Nominating Committee. She also serves on the Yale University Council and the Northwestern Law Board.

Until June of 2024, she served for 9 years as SVP and C-suite executive of eBay Inc. (NASDAQ; \$70+ billion GMV, \$10 billion revenue), leading its global legal and government relations team of 250+ people with a budget of \$100+ million. During her tenure at eBay, Marie partnered with the Board to provide leadership as the sole consistent ELT member during almost a decade of major change: Company-altering M&A; two rounds of public activism; Board, CEO and executive leader succession; complex financial transactions; crisis management; global restructurings; labor and employment matters; and escalating competitive, geopolitical and regulatory pressures. She led through dynamic products

liability/consumer safety, IP, data privacy, Gen AI, cybersecurity, sustainability, social/political, risk management and compliance developments affecting consumer digital platforms. Marie is financially literate.

Prior to eBay, Marie served for 6 years as SVP and general counsel of Agilent Technologies (NYSE; \$6.8 billion revenue, 18K employees), during which time Agilent transformed from a diversified technology to a life sciences company. At Agilent, she also led global communications (external and internal), regulatory/quality assurance and philanthropy. Before Agilent, Marie was an M&A and corporate lawyer at Hewlett-Packard Company. She started her career at large law firms in New York and San Francisco.

Marie advised boards and C-suite teams through major corporate transformations and turnarounds in times of business, competitive and customer disruption, e.g.: HP spinning off Agilent Technologies; Agilent spinning off Keysight and selling its semi business to a private equity consortium and transforming to a life sciences company; and eBay spinning off PayPal and selling its StubHub, Classifieds and Korean businesses to focus on its core ecommerce marketplace. All involved multi-billion-dollar, global, complex transactions.

In addition to her board and operating roles, including 15 years as chief legal officer at two global public companies, she often speaks on corporate governance, leadership and other matters. In June of 2024, she spoke at Stanford Directors College and DirectWomen's conference at the U.S. Embassy in London and at the 2023 annual conference of the National Asian Pacific American Bar Association. She will speak this fall at the Women, Influence, Power and the Law Conference in Chicago as a keynote speaker and for NACD Norcal. In 2022, she gave the Convocation Address for Northwestern Pritzker School of Law and was a Columbia Law School Leader-in-Residence for The Reuben Mark Initiative for Organizational Character and Leadership, where she taught a course titled "The Role of the General Counsel in the Modern Economy." She will be co-teaching a similar course at Stanford Law School this winter.

Marie graduated from Yale College with a B.A. in Economics, received her J.D. from the Northwestern Pritzker School of Law and studied at the London School of Economics.
