

2024 Page Spring Seminar

Christian Heller
Vice President, BASF SE
CEO, Value Balancing Alliance

Christian Heller is Vice President at BASF SE and seconded as CEO to the Value Balancing Alliance e.V. The non-profit association develops and tests new accounting methods with the real and financial economy in order to capture the impact of business activities on society and nature in monetary terms. Christian is Vice Chairperson of the Sustainable Finance Advisory Committee to the Federal Government of Germany, has coordinated the successful

application of the city of Frankfurt to host the ISSB and – among other positions - contributes to the G7 Impact Task Force.
